SECTION I
CHAPTER I

The State Legislature—Origin and Evolution

The genesis of the Legislatures in India can be traced to the Charter Act of 1833 which for the first time provided for the addition of a fourth member to Governor-General-in-Council for the sole purpose of Legislation, though the Act extinguished the independent legislative powers of the Governors-in-Council of Madras and other Presidencies and vested legislative power solely in the Governor General-in-Council. The Presidency Governments, as they were then called, which previously made their own laws and regulations, were authorized merely to submit drafts or projects of any laws or regulations deemed expedient or necessary to the Governor-General-in-Council.

The Charter Act of 1853, which marked the next stage in the evolution of the Legislatures, made the Law Member of the Governor-General-in-Council a full member and enlarged the Governor-General's Council for legislative purposes by the, addition of the Chief Justice of Bengal, one other Supreme Court Judge and one paid representative of each Presidency or Governor's Province. In all, the Legislative Council consisted of 12 members. From 1833 to 1861, the Governor-General-in-Council was the sole administrative as well as the Legislative authority.

The Indian Councils Act of 1861 constituted a great landmark in the growth and development of the Legislatures. The Act for the first time associated with the Governor-General's Executive Council and the Executive Councils of Madras and Bombay, a small number of additional members half of them being non-officials and provided for the addition of not less than six and not more than 12 nominated members to the Governor-General's Council and the functions of the new Legislative Council were limited wholly to legislation. The Act also restored the legislative powers of the Council of the Governor of Madras, which was enlarged for Legislative purposes by the addition of the Advocate-General and of four to eight members nominated by the Governor. The Act thus sowed the seed for the future Legislature as an independent entity separate from the Executive Council. The Legislative Councils so established were however, mere advisory committees by means of which Government obtained advice and assistance in their work, of legislation and the public derived the advantage of full publicity being ensured at every stage of the legislative process. The councils were not deliberative bodies with respect to any subject put that of the immediate legislation before them.

The next milestone in the evolution of the Legislatures was reached when the Indian Councils Act of 1892 was passed by which the number of additional members of the Central Legislature was raised to 16 and the number of additional members of the Madras Legislature was raised to 20, of which not more than nine had to be officials. Non-official Members were recommended by the district boards, Universities, municipalities and other associations. This Act enlarged the functions of the Council in two respects, namely, the Council could discuss the annual financial statement and ask questions subject to certain limitations. Members were to hold office for two years.

The seed sown by the Act of 1861 was quickened into life by the Act of 1909, popularly known as Minto-Morfev Reforms. The Act still further enlarged the Legislative Councils both of the Governor-General and of the Provinces. It introduced for the first time the method of election, though not yet direct election, and thus helped to quicken into life the seed of representative institutions. It dispensed with official majorities in the Provincial Legislative Councils and gave them power to move resolutions upon, matters of general public interest and upon the Budget and to ask supplementary questions. The additional members of the Governor-General's Council were increased from 16 to a maximum of 60 and those of the Madras Council from 20 to a maximum of 60. Thus, the Act carried constitutional development a step further.

The Government of India Act of 1919, which embodied the Montagu-Chelmsford Reforms, is but the natural and inevitable sequel to the long chapter of previous Parliamentary Legislation on the introduction of Representative Government in India with Legislatures composed of elected representatives of the people. The most important feature of the Act was the introduction of the system of dyarchy in the Provinces. Subjects were classified as Central and Provincial and in regard to provincial matters a further division was made into "transferred subjects" administered by the Governor and his ministers responsible to the Legislative Council and "reserved subjects" administered by the Governor, and his Executive Council. The Governor could override both the Ministers and the Executive Council. The proportion of elected members of the Provincial Legislative Council was raised to over 70 per cent. The Legislative power of the Council extended to Provincial matters only. Every law of the Provincial Legislature for its validity required the assent of the Governor-General as well as the Governor.

In the Centre, however the principle of responsible Government was not introduced. The Central Legislature thereafter called the Indian Legislature was reconstituted on enlarged and more representative character. It consisted of the Council of

State composed of sixty members of whom 34 members were elected and) the Legislative Assembly composed of about 144 members, of whom about 104 were elected- and the rest nominated. Of the nominated members, about 26 were officials. The powers of both the Chambers of the Indian Legislature were identical except that the power to vote supply was granted only to the Legislative Assembly.

The Government of India Act, 1935, marked the next great stride in the evolution of the Legislatures. The Act provided for an All-India Federation and the constituent units of the Federation' were to be the Governor's Provinces, and the Indian States. The accession of the States to the Federation was optional. The Federal Legislature was to consist of two Houses, the House of Assembly called Federal Assembly and the Council of States. The Federal Assembly was to consist of 375 members, 125 being representatives of the Indian States, nominated by the Rulers. The representatives of the Governor's provinces were to be elected not directly but indirectly by the Provincial Assemblies. The term of the Assembly was fixed as five years. The Council of State was to be a permanent body not subject to dissolution, but one-third of the members should retire every three years. It was' to consist of 260 members, 104 representatives of Indian States, six to be nominated by the Governor-General, 128 to be directly elected by territorial communal constituencies and 22 to be set apart for smaller minorities, women and depressed classes. The two Houses had in general equal powers but demands for supply votes and financial Bills were to originate in the Assembly.

The Act established a bi-cameral Legislature in the Province of Madras as it was then called and provided for responsible Government subject to two limitations namely, (1) special responsibilities were given to the Governor in regard to certain matters save as regards Finance and (2) certain matters were placed entirely outside ministerial control and within the absolute discretion of the Governor.

The Legislature consisted of the Governor and the two Chambers called the Legislative Council and the Legislative Assembly. The Legislative Council was a permanent body not subject to dissolution but as nearly as one-third of the members thereon retired every three years. . It consisted of not less than 54' and not more than 56 members composed of 35 general seats, 7 Mohamedan seats, 1 European seat, 3 Indian Christian seats, and not less than 8 and not more than 10 nominated by the Governor. The Legislative Assembly consisted of 215 members of which 146 were elected from general seats of which 30 seats were reserved for Schedule Castes, 1 for Backward areas and tribes, 28 for Mohamedans, 2 for Anglo-Indians, 3 for Europeans, 8 for Indian Christians,

6 for representatives of Commerce and Industry, etc., 6 for Landholders, 1 for University, 6 for representatives of labour, 8 women of which 6 were general.

The Act made a division of powers between the Centre and the Provinces. Certain subjects were exclusively assigned to the Central or Federal Legislature; others to the Provincial Legislatures and in regard to another field, the two had concurrent powers.

The Federal structure contemplated in the Act did not come into being and so the Government of India Act, 1919, continued to be in force as far as the Central Legislature was concerned. The Act of 1935 however came into force in regard to the Provinces and Provincial autonomy was ushered in. In Madras, the Congress Party in the Legislature formed the Government in March 1937. The Ministry however resigned in October 1939 and the Legislature ceased to function.

The Indian Independence Act, 1947, constituted the culmination of the origin and growth of the Indian Legislatures from modest expansions of the Executive Councils of the Governor-General and the Governors in the Provinces into separate sovereign legislative bodies. The Act created two independent Dominions in India known respectively as India and Pakistan. The paramountcy of the British Crown lapsed and the power of the British Parliament to legislate for India ceased. The Federal Legislature of India became sovereign and the power of the Legislature became exercisable by the Constituent Assembly which was not subject to any limitation whatsoever. Until the new Constitution was framed, the Government of India Act of 1935, subject to certain adaptations and modifications, was to remain the Constitutional Law of India. The Constitution of India came into force with effect from the 26th January 1950.

CHAPTER II

Constitutional Changes Since 1962

The State of Madras is one of the 17 States of the Indian Republic bounded on the North by the States of Mysore and Andhra Pradesh, on the East by the Bay of Bengal, on the South by the Indian Ocean and on the West by the Kerala State. It has an area of 1,29,966 square kilometers with a population of 33,686,953. It consists of 14 districts including Madras City.

The Legislature in Madras State consists of the Governor and the two Houses of the Legislature, namely, the Legislative Council and the Legislative Assembly. The Legislative Assembly, unless sooner dissolved, continues for five years from the date appointed for its first meeting. The Legislative Council is not subject to dissolution like the Assembly, but one-third of its members retire on the expiration of every second year.

The Second Madras Legislative Assembly consisted of 206 territorial constituencies, of which 37 constituencies were reserved for Scheduled Castes and one for the Scheduled Tribes. One member to represent the Anglo-Indian interests was nominated by the Governor under Article 333 of the Constitution. The number of Parliamentary Constituencies in Madras was 41. (vide Delimitation of Parliamentary and Assembly Constituencies Order, 1961).

The Second Madras Legislative Assembly was dissolved with effect from the forenoon of 1st March 1962. The Third Legislative Assembly was constituted on the 3rd March 1962 after the General Elections and met for the first time on 29th March 1962.

By the Delimitation of Parliamentary and Assembly Constituencies Order, 1965, the number of territorial constituencies in Madras has been increased to 234. Forty-two seats have been reserved for the Scheduled Castes and two seats for the Scheduled Tribes. The number of Parliamentary Constituencies in Madras has been reduced to 39 including, seven reserved for the Scheduled Castes.

CHAPTER III

General Elections 1962 and Bye-elections

After the General Elections 1957, there was transfer of territories between Madras State and the Andhra Pradesh. As a result of this, the number of seats in the Madras Legislative Assembly which was 205 during the General Elections, 1957, was raised by one to 206.

Of the 206 Assembly seats, 37 seats have been reserved for Scheduled Castes and one seat for Scheduled Tribes. During the 1957 Elections, elections to the reserved seats were from Double- Member Constituencies. But, in 1961, the Double-Member Constituencies were bifurcated and seats were reserved for Scheduled Castes and Scheduled Tribes, in Single-Member Constituencies.

The Third General Elections to the above 206 elected seats were held in 1962. The following programme was fixed for the conduct of elections :—

CHAPTER VII

RULES OF PROCEDURE OF THE MADRAS LEGISLATIVE ASSEMBLY

On the introduction of Provincial Autonomy in 1937 the Rules of Procedure of the old Madras Legislative Council in force immediately before the commencement of the Government of India Act, 1935 were adopted as the Rules of Procedure of the Madras Legislative Assembly with such modifications and adaptations as were made by the Governor in his discretion under sub-section 3 of section 84 of the said Act. After Independence, the said Rules were adopted by a Resolution carried in the House on 15th September 1947 in exercise of the powers conferred under sub-section (1) of section 84 of the Government of India Act, 1935 as Rules of Procedure of the House to the extent they were not repugnant to the provisions of the Indian independence Act of 1947 and the orders issued there under.

On the 26th January 1950 when the Constitution of India came into force, the Legislative Assembly Rules which were in force by virtue of the Resolution passed on 15th September 1947 were modified and adopted by the Speaker under Clause (2) of Article 208 of the Constitution.

After the formation of the Andhra State, a Committee of fifteen members was constituted by a motion made in the Assembly on the 24th December 1953 to make rules for the regulation of the procedure and conduct of the business of the Assembly as required by clause (1) of Article 208 of the Constitution. The salient features of the changes recommended by the Committee and approved by the Assembly in December 1954 related to the formation of four new Committees, namely, the Committee on Government Assurances, the Committee on Subordinate Legislation, the Committee on Estimates and the Business Advisory Committee. For the first time, new rules which made provision for members to call the attention of a Minister to any urgent matter of public importance and to raise a discussion for not more than an hour on any important matter of administration were incorporated in the rules. Again in 1955, a few minor changes were made in the Rules.

During the Second Assembly, on the recommendations of the Select Committee constituted in 1958, a provision was made to empower the Speaker, instead of the Governor, to order the publication of any Bill with the Statement of Objects and Reasons in the Fort St. George Gazette even before its introduction. Provision was also made for the association of Members of the Legislative Council with the Committee on Estimates,

the Committee on Public Accounts and the Committee on Subordinate Legislation. A new Chapter for the constitution of a Committee on Rules to consider matters of procedure and conduct of business in the House was also added. Again in 1960, on the recommendation of the Committee on Rules, the Speaker was empowered to order the publication or circulation of a report of a Committee even though it had not been presented to the House and for such reports being formally presented at the next meeting of the Assembly. New provisions in regard to the procedure to be followed for service of legal processes and arrest within the Precincts of the House and intimation to the Speaker of the arrest, detention and release of any member were included.

During the Third Assembly, the Committee on Rules recommended several amendments to the Rules in the light of the experience gained in the course of the years. In 1962 and 1964, a few changes in regard to the publication of reports of Select/ Joint Select Committees on Bills in the *Fort St. George Gazette*, the scope of the debate on the Reports of the Select/Joint Select Committees, etc., were made, as a result of the recommendations of the Committees on Rules.

In the light of further experience, the Committee on Rules constituted in 1965 and 1966 further examined the Rules of Procedure and recommended certain changes in the Rules and the Report of the Committee was presented to the House on 2nd August 1966. As no amendments were received, the Hon. Speaker ordered publication of the amendments in the *Fort St. George Gazette* and with effect from 24th August 1966 the date of publication of the amendments, the Rules as recommended by the Committee had come into force. Among other things, the salient Features of some important amendments made are as follows:

The expressions such as "Precincts of the House "Speaker", "House" ,"Session", "Sitting", "Government " and " Governor " which were not defined previously have now been defined. A new rule has been included with provision for interruption of the discussion on the Governor's Address for transaction of Government business of urgent and important nature. Under the Rules as amended, the notices of questions that remain unanswered will not lapse on the prorogation of a session. Provision has been incorporated that in regard to the voluminous, Annual Reports of the Companies statutorily required to be laid on the Table of the House, it would be sufficient if three copies of the same were placed in the Legislature Library and an! Entry to that effect made in the List of Business of the day in view Of the prohibitive cost. In the matter of admission of questions, certain new conditions have been added. The amended Rules

permit the Members to rise at the same sitting two matters calling the attention of the Minister on urgent matters of public importance whereas only one such matter could be raised before this amendment. In view of the adoption of Tamil as the Official Language of the State, the Committee has so amended the relevant Rule as to provide that the business of the House shall be transacted either in English or in Tamil. As in the Rules of Procedures of Lok Sabha, Rajya Sabha and other State Legislatures, conditions for the admissibility of motions, cut-motions, and points of orders have been included in the rules concerned. A new rule has been included for exclusion of a member from participation in the deliberation of a matter in the Committee of Privileges in which he has a personal or direct interest.

CHAPTER VIII

QUESTIONS

Questions may be asked by the members for the purpose of electing information on matters of public importance. These questions are of three kinds, viz., (i) Starred Questions; (ii) Un-starred Questions; and (iii) Short Notice Questions.

As in the case of House of Commons, convention has also been established enabling the Leader of the Opposition to put Private Notice Questions after question hour, which will not be included in the printed list of questions.

(1) PROGRESS OF QUESTIONS DURING THE PERIOD FROM 1962 TO 1967

Fifteen thousand five hundred and forty-five questions (15,545) were given notice of by the Members during the period. Of these, 11,877, were admitted-, 3,668 disallowed (including withdrawn) and 6,107 questions were answered on the floor of the House. Statistics relating to questions are given in Section II—Table No. VIII.

(2) AMENDMENTS TO RULES RELATING TO QUESTIONS

This rule had been amended during August 1966 and renumbered as rule 13 (b) according to which all pending notices of questions and questions which are pending shall not lapse on the prorogation of a Session.

Rule 22 of the Assembly Rules, as it stood, did not provide for the extension of the question hour whenever it was necessary to do so. In practice the Hon. Speaker, after ascertaining the views of the House used to extend the time. The rule had been amended in August 1966 providing for such extension of time by Hon. the Speaker in his discretion.

Rule 31 of the Assembly Rules comprises of 13 conditions, and in order that a question may be admissible, it must satisfy these conditions.

Three new conditions have been included in August 1966, namely:—

14. It shall not ask for information on trivial matters.
15. It shall not ordinarily seek information on matters of past history.
16. It shall not require information set forth in accessible documents or in ordinary works of reference.

Rule 34 laid down that answers to questions should be furnished by the concerned departments within ten days from receipt thereof and provided that Hon. the Speaker might extend the time by another ten days. It had also been provided that Hon. the Speaker might, with the consent of the Minister concerned, order a question to be entered in the list of questions with shorter notice than ten days. It had been so amended in August 1966 as to enlarge the time from ' ten ' to ' fifteen ' days and to provide that the Department might apply for and state the period of extension required and the Speaker might grant such extension of time to a reasonable period as he deems fit.

A new sub-rule (5) has been added to Rule 35 in August, 1966 according to which Hon. the Speaker may, at the request of the concerned Hon. Minister, postpone one or more questions entered in the list of questions for a day to a subsequent date.

CHAPTER XI

The members speak on the subject and the Minister replies in the end. No vote is taken on the matter. During the term of the Third Assembly 10 such matters were raised and discussed, the details of which are given below:—

On 1st February 1966, the Hon. Speaker read out the notice under rule 57 of the Assembly Rules given by Sri M. D. Thiagaraja Pillai, to raise a discussion on the Agricultural situation in Thanjavur district and disallowed the same, on the ground that the notice raised more than one definite issue, that though the matter was of sufficient importance, it lacked urgency and that the member would have an opportunity to raise the matter in the course of the discussion on the Governor's Address.

In respect of every financial year, a statement of estimated receipts and expenditure shall be caused to be laid by the Governor before the House or Houses of the Legislature of the State on a day appointed by him as laid down under Article 202 of the Constitution. The estimates of expenditure embodied in the annual financial statement commonly called the 'the Budget', shall show separately the sums required to meet expenditure charged upon the Consolidated Fund of the State and the Bums required to meet other expenditure proposed to be made from the Consolidated Fund of the State. The expenditure charged on the Consolidated Fund of the State are enumerated in Article 202 (3) of the Constitution.

The rules of the Assembly provide that the Budget should be dealt with by the Assembly in two stages, namely (i) General discussion; and (ii) Voting of Demands for Grants. The Speaker, in consultation with the Leader of the House and the Business Advisory Committee, allots days for each stage.

During general discussion, members discuss the Budget as a whole and the principles involved in it. When each Demand is moved, it is open to members to move cut motions to reduce the demand by a specified sum. CHAPTER XVII

PRIVILEGES

Subject to the provisions of the Constitution and to the rules of procedure of the Legislature, freedom of speech in the Legislature is guaranteed to a member of the Legislature of a State under clause 1 of Article 194 of the Constitution. Clause (2) grants to the members immunity from liability to any proceedings in any Court in respect of anything said or any vote given in the Legislature or any Committee thereof.

Clause 3 of Article 194 says that, in other respects, the powers, privileges and immunities of a House of the Legislature of a State and of the members and the Committees of a House of such Legislature, shall be such as may from time to time be defined by the Legislature by law, and until so defined, shall be those of the House of Commons of the Parliament of the United Kingdom, and of its members and Committees at the commencement of the Constitution .

The privileges of Parliament are the peculiar rights enjoyed by the Parliament. These rights are absolutely necessary for the performance of its functions and the execution of its powers. They are enjoyed by (i) individual members because the House cannot perform its functions without unimpeded use of the services of its members and (ii), each House for the protection of its members and the vindication of its own authority and dignity.

Subject to the conditions laid down in the Rules of Procedure any member may raise a matter of privilege after question hour and before the list of business for the day is entered upon. The manner in which a matter of privilege may be raised, dealt with and disposed of is set out in Rules 184-189.

(i) During the quinquennium, the following eight cases were referred to the Committee of Privileges:—

The "Malai Murasu" Case

On 7th July 1962, Sri M. Kalyanasundaram, raised a question of privilege stating that a news item under the caption "சட்ட சபையில் சாராயம் குடிப்பவர்களா" published in the Tamil Daily " Malai Murasu" amounted to a misrepresentation of the proceedings of the House and contained insinuations calculated to bring the House and its Hon. Members to disrespect and therefore constituted a gross breach of privilege. On 11th July 1962, the Hon. Speaker held that there was a prima facie case of breach of privilege and,

on a motion moved, the matter was referred to the Committee of Privileges for examination and report.

The Committee was of opinion that the news item was a distorted report of the proceedings of the Assembly, lowered the members of the House in the estimation of the public, and held that both the Editor and News Editor were guilty of a gross breach of privilege of the House. The Committee recommended that in view of the unconditional apology tendered by the Editor and the News Editor to the Hon. Speaker and the Chairman of the Committee and the corrections published in the subsequent issues of the daily no further action need be taken in the matter.

The report of the Committee was presented to the House on 2nd November 1962 and the same was approved by the House on 4th February 1963.

The "Dina Thanthi" Case

On the 30th July 1962, Sri M. Bhaktavatsalam, Leader of the House and Minister for Finance, raised a matter of privilege in regard to an incorrect news item published in the Tamil Daily "Dina Thanthi" in its issue, dated 29th July 1962 about the incidents that took place in the Madras Penitentiary. The Minister contended that whereas he categorically stated in the Assembly on previous occasions that the Police had no part in dealing with the disturbances within the jail and only the convict warders and regular staff of the jail had to deal with the situation, the daily published a news item that some disturbances took place in the Madras Penitentiary and the Police had dealt with the situation by resorting to lathi-charge.

The Speaker after ascertaining the opinion of the Minister and some of the Leaders of the Opposition Parties, ruled that there was a prima facie case and the matter was referred to the Committee of Privileges.

The Committee in its report presented to the House on 30th March 1963, was of the opinion that the publication in question was a misrepresentation of the proceedings of the House. The Committee further considered the question whether the misrepresentation was due to a bona fide mistake. It held that the conduct of this paper had come to the notice of the Privileges Committee on two occasions during the last Assembly on the same charge of misreporting the proceedings of the House and found that the paper was also in the habit of publishing proceedings of the House without mentioning that they were reports of the proceedings of the House. It recommended that the paper should be warned. In view of the previous conduct of the paper, the Committee also opined that the

paper should be severely warned that any similar lapses would be taken serious notice of in future.

On the 7th August 1963, the motion " that the consideration of the report of the Committee of Privileges be dropped in view of the unconditional apology tendered by the Editor of the Daily " Dina Thanthi " was put and carried.

"Broadway Times" Cases I and II

Case I

Broadway Times, an English weekly published in the Madras City, reported in its issue, dated 13th December 1963, a news item under the caption "D.M.K. Cells in Madras Secretariat" which contained among other things the following :—

"The Legislature Secretariat is packed with D.M.K. men. Some of the information like answers for Starred Questions is being leaked out to D.M.K. Legislators long before the session begins."

As the above publication contained serious allegations against the Secretariat working under the Speaker and also against certain Members of the Assembly, the publication along with the correspondence the Secretariat had with the Editor in this regard was brought to the notice of the House by the Speaker on 17th January 1964, and, on a motion moved by the Chief Minister, the matter was referred to the Committee of Privileges. (M.L.A. Debates, Vol. XVI, pp. 26-30).

When the above matter was pending before the "Committee of Privileges" the weekly published in its issue dated 24th January 1964, certain further matters under the caption "Privilege and Broadway Times" and under the sub-headings "Madras Assembly Takes up B.T.", "Posers for Committee of Privileges", "B.T. Editors Press Statement on 22nd January 1964" and in its issue, dated 7th February 1964, under the caption "City man's Diary". As the matter in these publications related to the matter already referred to the Committee of Privileges on 17th January 1964, the Hon. Speaker brought it to the notice of the House on 2nd March 1964 and on a motion moved by the Leader of the House, this matter was also referred to the Committee of Privileges.

The Committee examined the Secretary, Legislative Assembly, and also the Editor of the weekly and presented its report on 31st March 1964. The Committee observed as follows:—

(i) The Editor was not prepared to prove the allegation that the Legislature Secretariat was packed with D.M.K. men. Legislature Secretariat is constituted under

Article 187 of the Constitution of India. The Editor by his allegation had charged the officers of the House with partiality. This had a tendency to deter them from doing their work. This constituted contempt of the House.

(ii) The second allegation also was a serious allegation casting aspersions against the permanent officers and the members. Since the Editor could not prove this allegation, he had committed contempt of the House.

(iii) The Editor had also exhibited his impropriety by publishing in his paper a matter of privilege when it was pending before the Privileges Committee.

(iv) About the correspondence with the Speaker, the Editor betrayed his ignorance about the procedure of correspondence. By persistent publication in his paper that he had no correspondence with the Speaker, the Editor had tried to create an impression in the minds of the readers of his paper that the Speaker had made an untrue statement in the House. This was certainly a contempt of the House.

(v) As regards the posers, it was not easy to think that he posed these questions out of ignorance. The Committee was of the view that the untenable posers were published more in impudent defiance of established authority than as a matter of legal enlightenment. The posers were published in order to create a contemptuous impression about the Legislature, Speaker, Members, etc., and thereby he had committed contempt of the House.

As there was no mitigating circumstances and as the Editor was not repentant, the Committee recommended that the Editor be awarded suitable punishment.

Case II

On 24th January 1964, a starred question on intercaste marriages was put and answered on the floor of the House. A supplementary question was put by a D.M.K. member whether the Hon. Chief Minister had any personal knowledge in the matter when he stated that it would be good that the persons who made speeches on intercaste marriages would come forward to do so without charging a fee. The Hon. Chief Minister replied that he had no personal experience in the matter but that he had received complaints that some leaders, invited on such occasions, demanded Es. 50, Es. 100 and so on. With reference to the above, the Editor of the Broadway Times had published in the weekly, dated 7th February 1964, a news item as follows:—

" Supplementary Boomerang: The D.M.K. members could have left the matter at that but then their Legislature Party is woefully disorganised and so a cashew-nut among them bobbed up with the Supplementary question as to whether the Chief Minister was

speaking from personal experience when he commented that orators attending intercaste weddings charged a fee. This was just the type of question which the astute Chief Minister had been waiting for and his sledge-hammer reply that he had heard complaints about some dignatories charging Rs. 100 or Rs. 50 for the purpose of delivering a speech at the auspicious functions literally felled the Opposition for every one knew that the innuendo was aimed at the top brass of the D.M.K".

On 28th February 1964, Sri S. Madhavan, a member of the Assembly, raised a question of privilege stating that the above publication constituted a breach of privilege. The Speaker ruled that a prima facie case of breach of privilege had been made out and on a motion moved, the matter was referred to the Committee of Privileges.

The Committee considered whether the description of the Members by the Editor in the article in question would amount to a breach of privilege of the House. According to the Tamil Lexicon the word "cashew-nut" meant "a presumptuous person who poked his nose into others' affairs." The Committee felt that the description of the member in the article by the Editor was certainly objectionable and would tend to lower his respect in the estimation of the public, and, thus it would amount to a breach of privilege.

The Committee recommended that the Editor was guilty of committing a gross breach of privilege and that appropriate punishment might be awarded to the Editor.

The report of the Committee was presented to the House on 31st March 1964.

Subsequently on the same day, Sri M. Bhaktavatsalam, Chief Minister and Leader of the House, moved that the press gallery pass issued to the weekly "Broadway Times" be suspended for the whole of a session, and the motion was adopted. (M.L.A. Debates, Vol. XVII, pp. 85—89, 28th February 1964, and Vol. XXI, p. 799, 31st March 1964).

"Tamil Seithi" Case

On 18th March 1964, Sri K. Cheemaichamy, raised a question of privilege and stated that an article in "Tamil Seithi" under the caption (சட்ட மன்றமா பொழுதுபோக்கு மடமா?) cast aspersion against the members and tended to lower the dignity of the House in the eyes of the public. The Hon. Speaker ruled that a prima facie case had been made out and on a motion moved by the Leader of the House, the matter was referred to the Committee of Privileges.

The Committee came to the conclusion that the contents of the article and the passages referred to in the article technically amounted to a breach of privilege and that it was written in an irresponsible way. It however felt that it was not consistent with the

dignity of the House to take notice of every such statement which might technically constitute a contempt of the House and the House would best consult its dignity if it ignored such improprieties and indiscretions. The Committee, therefore, recommended that no further action need be taken by the House in the matter in view of the fact that the matter was trivial and that it did not deserve any consideration.

The report which was presented to the House on 25th July 1964, was approved on a motion moved by the Chief Minister and Leader of the House on the 16th October 1964.

**"Obstruction of the Proceedings by certain Members
in the Chamber" Case**

On 1st March 1965, as the Hon. the Chief Minister began to deliver his Budget Speech and read one or two sentences, lion. Members of the Opposition Parties staged a walk-out; and while they walked out of the Chamber, some of them shouted certain slogans. As a result of this disturbance, the Hon. Chief Minister could not proceed with his Budget Speech for sometime. This disturbance to the proceedings of the Assembly was raised as a breach of privilege and the matter was referred to the Committee of Privileges by a Motion of the House on 1st March 1965.

The Committee held that the conduct of the Hon. Member Sri Y. Krishnamoorthy in having raised slogans and disturbed the proceedings in the House amounted to disorderly conduct and was a clear offence against the House and contempt of the dignity of the House and so punishable as a breach of privilege. It also recommended that if the member expressed apology to the House the matter might be dropped. If he did not apologise to the House, the Committee recommended that he be suspended from the service of the House for one day. The report of the Committee was presented to the House on 29th March 1965.

On the 1st April 1965, Hon. Sri M. Bhaktavatsalam, Chief Minister, moved that the recommendation of the Committee of Privileges be approved. Sri Bama. Arangannal moved an alternate motion that the matter be dropped if the hon. Member Sri V. Krishnamoorthy expressed regret in the House as this was the first instance of its kind in the House. After the Hon. Chief Minister replied to the debate on both the motions, some of the Opposition Members staged a walk-out. The motion moved by Sri Bama. Arangannal was deemed to have been withdrawn as he was not present in the House. The motion of Hon. Chief Minister was agreed to. On the 3rd April 1965, Hon. the Speaker announced

to the House that as Sri Y. Krishnamoorthy was not prepared to apologise to the House, he had suspended the member from the service of the House for that day.

The "Nava Mani" Case

On 1st March 1965, when the Hon. the Chief Minister began to deliver his Budget Speech and read one or two sentences, hon. Members of the Opposition Parties staged a walk-out; and while they walked out of the House some of them shouted certain slogans. This conduct of some of the hon. Members of the House in shouting slogans inside the House was referred to the Committee of Privileges. On the same evening, the text of the slogans raised by the Members was published in the front page of the daily "Navamani" with a three-column head line. On the 3rd March 1965, the Hon. the Leader of the House brought to the notice of the House the above publication of the news item in "Navamani" and observed that the publication of a matter which had been referred to the Committee of Privileges was itself a breach of privilege of the House. On a motion moved by the Hon. Leader of the House, the matter was referred to the Committee for examination and report.

The report of the Committee with its recommendation that in view of the regret expressed by the Editor, no further action need be taken in the matter was presented to the House on 11th August 1966 and was approved by the House on the same date.

The "Nathigam" case

On 1st March 1965, when the Hon. Chief Minister began to deliver his Budget Speech and read one or two sentences, hon. Members of the Opposition Parties staged a walk-out; and while they walked out of the House some of them shouted certain slogans. In an article published in the weekly "Nathigam", the D.M.K Members who walked out of the House were described in derisive terms and it was mentioned that the pay and allowance paid to them were a waste (வாய்க்கரிசி) that their having shouted slogans inside the Assembly was a great shame and that their action was against the oath of allegiance they had taken. The matter was raised in the Assembly on 10th March 1965 by Sri M. S. Mani, M.L.A. and on a motion moved by the Leader of the Opposition, the matter was referred to the Committee of Privileges for examination and report.

The Committee held that the description of the D.M.K. members in the Assembly in depreciating terms referred to their conduct in the House and, therefore, constituted a breach of privilege of the House. The Committee, however, recommended that in view of the regret expressed by the Editor, no further action in the matter need be taken. The

report was presented to the House on 11th November 1965 and approved on the same date.

(ii) The following cases of privilege were raised in the House and the Hon. Speaker ruled out that no prima facie case had been made out:—

On 7th May 1962, Sri V. Krishnamoorthy, raised a matter of privilege relating to the publication in the Tamil Weekly 'Bharatham', dated 6th May 1962.

The weekly made certain comments on an article written by a staff reporter of 'The Mail' under the heading 'Last week in the Madras Legislature'. In the course of its comments, the paper criticised the manner in which one member conducted himself in the House using unpalatable words.

The Speaker, after getting a clarification from the Editor of the Weekly as well as the Member Sri M. Karunanidhi, as to what they meant by the words that were objected to, held on 16th July 1962 that no *prima facie* case had been made out.

Delay in laying Statutory Rules on the Table op the House

Sri M. Kalyanasundaram, M.L.A. raised a matter of privilege in the House on the 30th June 1962 in regard to the delay involved in sending a particular Notification issued under Section 41 of the Madras Beedi Industrial Premises (Regulation of Conditions of Work) Act, 1958 to Members after it ceased to be in force, and thus denying the Assembly the opportunity to make modifications, if any, by way of amendment or repeal for which provision had been made in the Act and contended that it constituted contempt of the House.

On the 13th July 1962, the Hon. Speaker, after hearing the explanation given by the Hon. Leader of the House, ruled that it was not necessary to pursue the matter further. He also made it clear that the fact that the Court did not invalidate that notification, because it was not placed before the House in time, was not a proper explanation for not placing the notification before the House in time. He further observed that the responsibility was all the more greater because there must be some check by the Assembly as provided by the rules.

Policy statements made by the Minister outside the Legislature before presentation of particulars in the Legislature

On the 3rd July 1962, Sri M. Kalyanasundaram, M.L.A., raised two matters of privilege. In the first one he stated that a policy statement in regard to education had been

published in the Hindu, a Madras daily, dated 8th June 1962. The Member stated that it was a policy statement which ought to have been made in the House.

In the second one, the Member stated that the Chief Minister of the Madras State had made a speech in Madurai revealing the Budget proposals.

The Speaker ruled on 3rd July 1962 that the alleged policy statement regarding education did not seem to be a policy statement at all and it was only a restatement of the existing policy. He further stated that there was nothing to show that the statement had been made by a Minister. The Speaker therefore held that no prima facie case was made out. He however observed that it would be advisable for Ministers to make statements realising their responsibility to the House.

Regarding the second matter that there was a disclosure of the Budget proposals, the Speaker held that the statement did not contain anything definite and that no secrets seemed to have been disclosed.

He added that even if they were Budget proposals and they had been leaked out, they did not form a matter of privilege of the House. He therefore ruled that no prima facie case of breach of privilege of the House was made out.

"The Murasoli" Case

On the 16th July 1962 Sri J. Matha Gowder, M.L.A. raised a matter of privilege in the House on the remarks in the editorial in the Tamil daily 'Mura soli' dated 14th July 1962 about the Hon. Leader of the House and his reply to the debates.

The Speaker on 16th July 1962 ruled that the issue need not be pursued as Sri M. Karunanidhi, M.L.A., who was also the Editor of the daily expressed his regret and said that an expression, of regret would be published in a subsequent issue of the paper.

Absence of main opposition party members

On the 24th July 1962, Sri K. T. Kosalram raised a matter of privilege, namely, the continued and deliberate absence of the members of the D.M.K., the principal Opposition Party of the Assembly when the House was engaged in major and important legislative work, constituted a grave breach of privilege of the House and a calculated insult to the House. On 25th July 1962, the Hon. Speaker ruled the matter of privilege out of order, because if a member was absent for 60 days consecutively without the permission of the House, he would suffer the consequences and that it was not for the House to consider that point. He also observed that the Hon. Members were normally

bound to attend the meetings of the House and discharge their duties not only to the House but also to their constituents.

Arrest of a member

Sri M. Kalyanasundaram, a Member of the Madras Legislative Assembly, was arrested on 21st November 1962 under section 151 of the Indian Criminal Procedure Code under orders issued by the Commissioner of Police, Madras, and remanded to custody in the Central Jail, Madras. On 24th November 1962, the Member was served with an order under rule 30 of the Defence of India Rules by the Deputy Secretary to Government, Public Department, and he was taken to Central Jail, Cuddalore, where he was lodged.

While under detention he wrote two letters to the Speaker, raising the following matters of privilege :—

(i) That the action of the Commissioner of Police in arresting him under section 151, Criminal Procedure Code and of the Deputy Secretary, Public Department, in issuing an order under rule 30 of the Defence of India Rules for detaining him in the Central Jail, Cuddalore and that of the Superintendent, Central Jail, Cuddalore, in detaining him there amounted to a breach of privilege.

The contention of the member was that the Madras Legislative Assembly passed a resolution on 29th October 1962 regarding the Chinese aggression and pledged its support to any measure that had to be taken up to drive out the Chinese and that he was also a party to the resolution who took the pledge to support the Government and that in view of this, to arrest and detain him would amount to a breach of privilege.

On 5th February 1963, Hon. Speaker ruled that the officers mentioned above did their duties according to law and did not commit any breach of privilege of the House or its members.

(ii) In regard to the other matter of privilege raised by the Member, viz., that he gave some letters to the Jail authorities to be despatched to the Speaker but that letters were sent to Government who in turn passed them on to the Speaker; that he had a right to send letters direct to the Speaker and that therefore by (Sending the letters to Government, the Superintendent, Central Jail, Cuddalore, had committed a breach of privilege of the House.

The Speaker in the course of his ruling observed

"The transmission of the communications addressed by a security prisoner, who was a member of the State Legislature or Parliament, to the Presiding Officers concerned is governed by Rule 11 (4) of the Madras Security Prisoners Rules, 1950. In this case, the Superintendent, Central Jail, sent all letters addressed by the Member to the Secretary to Government, Home Department, who forwarded them to the Legislative Assembly Department. The Security Prisoners Rules would apply to all prisoners including the Members of the Legislature."

Incorrect report in a newspaper—'Viduthalai'

On the 11th March 1963, Sri K. A. Mathialagan, raised a matter of privilege stating that the proceedings of the Assembly in regard to certain supplementary questions put by D.M.K. Party Member on the 4th March 1963, published in " Viduthalai ", a Tamil daily, dated 5th March 1963, cast aspersions on the members who put the questions and that it was not a complete account of all the supplementaries and answers relating to the question. The member further alleged that the heading ("அசெம்பிளியில் க.து.க்களின் கண்மூடிக் கேள்விகள்") given was intended to bring the Members of a particular party into ridicule and that thereby the paper had committed breach of privilege.

On the 12th March 1963, the Hon. Speaker held that no prima facie case was made out. He however ruled that the paper should have kept up decorum of the House by avoiding the publication of painful and irresponsible epithets like " Kanmoodi Thanam " (blindly) used in the news item whenever it published the proceedings of the House.

Prorogation of the Assembly

On the 6th August 1963, Sri M. Kalyanasundaram, a Member of the Assembly, raised a question of privilege in regard to the action of the Leader of the House and the Chief Minister in advising the Governor to prorogue with effect from the 6th June 1963, the session of the Assembly after the Speaker had called for a meeting of the Assembly on the 24th July 1963 and contended that such action amounted to interference with the sovereignty of the House and encroachment on the powers of the Speaker.

On 7th August 1969, the Hon. Speaker held that no prima facie case had been made out.

He pointed out that under Article 174 of the Constitution of India, the Governor was empowered to prorogue the Assembly from time to time, and the Governor's action

could not be challenged even on the ground of malafides. In the present case, the Assembly had been prorogued to enable the Governor to promulgate an ordinance as no ordinance could be promulgated if the Assembly or the Council was in session. The necessity and urgency of the ordinance was a matter entirely for the decision of the Governor, who acted on the advice of the Ministry.

Sub-editorial in the 'Dinamani'

Sri M. Kalyanasundaram, a Member of the Assembly, raised a matter of privilege on 19th November 1963 in regard to an editorial in a Tamil daily 'Dinamani', dated 25th October 1963. The editorial quoted the following observations made during the Seminar conducted by the Madras Bar Association :— " . . . the tendency to enact legislation without a proper study and without bestowing much thought over the problems without embodying clear statements of objects and reasons and without clearly indicating the charges likely to arise as a consequence of such legislation is on the increase. The legislation so enacted may well be contrary to principles of natural justice and reasons."

On 19th November 1963, the Hon. Speaker ruled that the matter did not involve any privilege of the House or its Members as the observations were only general in nature and should not be interpreted as relating particularly to Madras Legislature and its Members and that there was no imputation of malafides. He also observed that the Parliamentary privilege should not be administered in a way which would fetter or discourage the free expression of opinion or criticism however prejudiced or exaggerated such opinion or criticism might be.

Arrest of a Member

On 21st November 1963, Sri S. Madhavan and Sri Rama Arangannal, Members of the Assembly raised a matter of privilege that the arrest of a Member, Sri P. V. Sriramulu, on 20th November 1963, had not been communicated to the Speaker and that it amounted to a breach of privilege and by that arrest the member was prevented from attending the meeting of the Assembly.

On the 22nd November 1963, the Hon. Speaker ruled that the delay was not much which could be construed as a breach of privilege, and that if a member was prevented from attending the meeting of the Assembly on account of arrest on a criminal charge or under preventive detention no privilege would arise.

The burning of a part of the Constitution by D.M.K. Members.

On the 23rd November 1963, Sri S. Nanjunda Rao raised a matter of privilege as to whether the Members of the Assembly belonging to the D.M.K. Party, who had publicly announced that their policy was to burn a part of the Constitution, could be allowed to function as members of the Assembly in view of the fact that those members had broken or proposed to break the oath they had taken that they would bear true faith and allegiance to the Constitution. The contention of the member was that burning a part of the Constitution would be against the spirit of the affirmation made by the members.

On the 16th March 1964, the Hon. Speaker ruled that the matter did not involve any breach of privilege.

He also observed that burning of the Constitution had been made an offence under the Act of this Legislature. If anybody committed the offence the law would take its course. The House, under the circumstances, could not do anything.

Arrest of Members

On the 20th January 1964, Sri S. Madhavan, a Member of the Assembly, gave notice of a privilege matter in regard to the arrest of two Members belonging to the D.M.K. Party within the precincts of the Legislators' Hostel when they were proceeding to attend the Assembly and said that thereby they were prevented from doing their duty and that the fact of arrest had not been communicated to the Speaker.

On the 21st January 1964, the Hon. the Speaker ruled that the matter did not involve a matter of privilege on the following grounds:—

(i) That the arrest was effected at 1-45 p.m. on the 20th January and that the intimation of arrest was received at 3-40 p.m. and that the fact of arrest had therefore been intimated as required under rule 245 of the Assembly Rules.

(ii) That the two members were arrested for criminal offence under section 120 (B), Indian Penal Code read with section 188, Indian Penal Code and section 30 (2) of the Police Act and section 5 of Prevention of Insults to the National Honour Act and sections 109 and 147, Indian Penal Code and that the privilege of freedom of arrest did not apply to criminal offences, but only to civil cases.

(iii) That in criminal cases it was immaterial whether the Member was arrested when he was on his way to the Assembly or not.

(iv) That arrest in the Legislators' Hostel did not amount to a breach of privilege as the Hostel had not been included within the definition of 'Precincts of the House'; and

(v) That the privileges of Legislature could not be invoked as the Member had been arrested for criminal offences and that the privilege of freedom from arrest could not be allowed to interfere with the course of criminal justice.

**Sign Board placed at the entrance to the Assembly Chamber
at Fort St. George**

On the 21st October 1964, certain Members of the Opposition Parties went on a token fast for a day in sympathy with the public in their difficulty in getting foodstuffs in the Madras State. However, they were squatting on the verandah of the Assembly Chamber. On that day a sign board had been placed near the entrance to the Fort. St. George where the Assembly Chamber was situated, with the following inscription :—

"Once a Session, it will do you good If you give up food".

On the 22nd October 1964, Sri Saw. Ganesan, Sri M. Kalyanasundaram and Sri Rama. Arangannal, members of the Opposition parties raised a matter of privilege stating that the sign board had been fixed on the day on which they went on a token fast only with a view to insult or ridicule their fast and that whoever was responsible for that had committed contempt. The Hon. Speaker ruled that the Members admittedly in the instant case were not on their way to the Chamber of the Legislative Assembly, in the course of their duty or for the performance of their obligations as Members-gua *Members*. Furthermore the inscription on the board did not relate to anything connected with their duties or obligations as Members but obviously referred to an extraneous act not connected with their duties or obligations as Members. He therefore ruled that no *prima facie* case was made out.

**Alleged delay in the framing of rules under the Madras Inam Estates
(Abolition and Conversion into Ryotwari) Act, 1963 and other connected Acts**

On 23rd January 1965, Sri M. Kalyanasundaram, M.L.A. raised a matter of privilege, viz., the failure of the Government to frame rules and implement the Madras Inam Estates (Abolition and Conversion into Ryotwari) Act, 1963 and other connected Acts passed by the Legislature a year ago, "which brought the Legislature into distrust in the eyes of the public".

The Hon. Speaker after hearing the views of the Hon. Leader of the House ruled that no *prima facie* case was made out in view of the fact that the delay in framing the rules could not be held to be a breach of privilege of the House.

Statement to press by Leaders of opposition parties

On the 3rd March 1965, the Hon. Chief Minister brought to the notice of the House a statement issued to the Press by the Leaders of the Opposition Parties in regard to certain matters that took place in the Business Advisory Committee.

On the 4th March 1965, the Hon. Speaker ruled that it was a well established Parliamentary practice that the proceedings of the Committees of the House or evidence tendered must be treated as confidential until they are submitted to the House and that the remarks or observations made by members of the Committee should not be divulged to others. He also expressed the view that though it was necessary to evolve a proper convention or procedure for guidance in such matters he would leave it to the good sense of the members instead of referring it to the Committee of Privileges.

Walk-out by the Members of Opposition Parties

On the 1st March 1965, certain members of the Opposition parties staged a walk-out immediately after the Hon. Speaker disallowed the No-confidence Motion moved by the Hon. Leader of the Opposition and other Members. Sri S. Nanjunda Rao, M.L.A., gave notice of a privilege motion regarding the walk-out staged by the Opposition party members.

The Hon. Speaker on the 3rd March 1965 with-held his consent to raise the matter as walk-outs had been recognised as a Parliamentary form of protest.

Arrest and detention of a Member

On the 5th March 1965, the Hon. Speaker brought to the notice of the House, the privilege motion given by Sri S. Madhavan in regard to the arrest and detention of Sri M. Karunanidhi, M.L.A., and ruled that it would not constitute a breach of privilege, for the reason that the arrest of the Member was in order to effect preventive detention which was lawful. He also stated that Sri M. Karunanidhi had been arrested and detained under the D.I.R. 1962 with a view to prevent him from acting in any manner prejudicial to public safety and maintenance of public order. The intimation of arrest and detention of the Member was also to him as required under the rules of the Assembly.

Editorial in the daily 'Nam Nadu'

On 8th March 1965, Sri T. Karcha Gowder, M.L.A., raised a matter of privilege against the Tamil daily ' Nam Nadu ' as his speech in the Assembly on 4th March 1965

had been characterised as ('கார்த்தா கவுடரின் காட்டுக் கூச்சல்') in the editorial of the daily on 5th March 1965, and contended that it was a reflection upon him and also affected his freedom of speech in the Assembly. The Editor of the daily who was also a Member of the Assembly immediately expressed regret for the publication and the matter was therefore dropped.

Publications of the proceedings of the Assembly in 'Thenral Thirai'

On the 18th March 1965, the Hon. Speaker referred to a matter of privilege raised by Sri M. S. Mani in regard to the publication in the Tamil daily ' Thenral Thirai ', dated 15th March 1965 of a part of the proceedings of the Assembly which was ordered to be expunged from the proceedings and suggested that in view of the apology tendered by the Editor the matter be dropped. The House decided to drop the matter.

Publication of 'Nava Sakthi'

On the 23rd March 1965, a matter of privilege was raised by Sri T. P. Alagamuthu in regard to a publication in 'Navasakthi' in its issue dated 19th March 1965 of a distorted version of the proceedings of the Assembly. The House decided to ask the daily to express regret and to publish a correction. On the 30th March 1965, the Hon. Speaker informed the House that the daily 'Navasakthi' had expressed regret and had published the correction. The matter was dropped by the House.

Speech made by the Minister for Industries at a Public Meeting

On the 28th July 1965, Sri T. P. Alagamuthu, raised a question of privilege in regard to a speech reported to have been made by the Hon. Minister for Industries Sri R. Venkataraman, at a public meeting at Madras on 16th April 1965. The member took objection to the statement of the Minister, viz., that the Members of the Legislature, especially the Opposition Members did not study the connected papers or the Budget or other legislations with proper care and attention, but criticised at random.

The Speaker after hearing the Hon. Minister for Industries and the Leader of the House, ruled that the criticism in question was a bonafide act and that it was not one casting any reflection on particular Members or particular Parties. The speech only suggested ways of improving the value of discussion in the House, which was the purpose of any bonafide criticism. He therefore, withheld consent to the matter being raised as a privilege.

Alleged treatment meted out to Sri M. Rajangam, M.L.A., while in police custody

On the 8th March 1965, Sri S. Madhavan, M.L.A., raised a matter of privilege regarding the assault or ill-treatment of Sri M. Rajangam, M.L.A., at the time of his arrest and in custody when he was engaged in the work of his constituency.

On the 10th March 1965, the Hon. Speaker after hearing the Chief Minister ruled that no prima facie case was made out inasmuch as the member was arrested on criminal charges and as the right of privilege could not interfere with the administration of criminal justice but was limited to civil cases only. As regards the alleged ill-treatment or assault of the member while he was in police custody, the Speaker held that it would not come under any established privileges of the House and its members.

Delay in placing the Rules on the Table of the House

On the 30th July 1965, Sri M. Kalyanasundaram, M.L.A., raised a matter of privilege regarding the failure of the departments (Rural Development and Local Administration and Revenue Departments) to place in time on the Table of the House of the rules framed by them in pursuance of delegated legislation. On the 31st July 1965, the Hon. Speaker recalled his ruling on 13th July 1962 on a similar privilege issue and observed as follows:—

"If a studied disregard of the provisions of the statute by the departments is manifest, then, definitely the Legislature can think of steps to be taken to correct the concerned persons or departments responsible for the same, and a case of contempt of the House may or may not be inferred. If, on the other hand, the delay or failure is due to inadvertance or negligence it may not amount to contempt of the House and hence, it may not be viewed as breach of privilege.

'In the instant cases, there seem to be no justifiable or acceptable reason for the delay inasmuch as, at the time the rules were published, the Assembly was in session and the departments could have within a reasonable time, to wit, within a week or two might have caused the rules placed on the Table of the House. This has not been done.

This House may take a serious view of the matter that in spite of the fact that the same question was raised on the floor of the House in 1962 and that the lapses on the part of the departments have been repeatedly pointed out in the various reports of the Committee on Subordinate Legislation, the departments have not corrected themselves and realised their responsibilities. But I cannot find a precedent in which such matters

have been decided as breach of privilege. Further, I do not want to precipitate the matter, since the Legislature and the Executive are only two wings of the State. But I want to impress on the Hon. Ministers that they may issue suitable directions and see that the departments under their control place the rules framed pursuant to delegated legislation with the least possible delay on the Table of the House and avoid such complaints, and that the departments realise the gravity involved in cases of such omissions. There I leave it".

Issue of Ordinance after the summoning of the Assembly

On the 30th July 1965, Sri M. Kalyanasundaram. M.L.A., raised a matter of privilege, in regard to the issue of Ordinance No. 1 of 1965 on 16th July 1965, when the notification summoning the Assembly had already been issued on 30th June 1965. The Member contended that there was no justification to advise the Governor to issue the Ordinance after the date for the meeting of the Assembly had been fixed, that the statement made in the preamble to the reference viz., "The Legislature of the State is not in Session", was a distortion of fact and that the advice given to the Governor in that respect was not only improper but amounted to a contempt of the House.

The Hon. Speaker on hearing the Hon. the Leader of the House ruled that on 16th July 1966, when the Ordinance was issued, the House was not in session and secondly the question of emergency was entirely a matter for the Governor to satisfy himself for the issue of Ordinance. He therefore held that there was no breach of privilege.

Publication of expunged portions of Assembly proceedings in 'Navasakthi'

On the 7th March 1966, Hon. Speaker brought to the notice of the House a matter of privilege given by Sri T. P. Alagamuthu, M.L.A., which stated that on 4th March, 1966 when the temporary Chairman was in the Chair, certain words used by a lady Member were ordered to be expunged by him and that in spite of that specific direction by the Chair the newspaper 'Navasakthi' in its issue dated 5th March 1966 had repeated all the relevant remarks made in the House and finally concluded with the observation "that the temporary Chairman had ordered the expunction of these proceedings".

The Hon. Speaker administered a warning to the journal that the expunged portion should not be published and held that no further action was necessary.

Prosecution of a Member for forwarding to Chief Minister a Petition containing allegedly false accusations

On the 10th March 1966, Sri S. Madhavan, raised a matter of privilege in regard to the prosecution of Sri V. Krishnamoorthi, M.L.A., on his forwarding to the Chief Minister a petition containing allegedly false accusations against police officials.

On 21st March 1966, Hon. Speaker ruled that there was no prima facie breach of privilege involved in this case.

Chief Minister's statement *Re. Detenue Sri Umanath, M.P.*

On the 15th March 1966, Sri K. A. Mathialagan, raised a matter of privilege in regard to the statement made by the Chief Minister on 9th March 1966 in answer to the notice under Rule 41 by Sri Saw. Ganesan and contended that the Chief Minister had expressed facts which were not true and which were incorrect and thereby deliberately misled the House which was a gross breach of privilege and contempt of the House.

The facts of the case were as follows :— On 9th March 1966, Sri Saw. Ganesan raised a matter under Rule 41 of the Assembly Rules on the reports appeared in newspapers that day regarding a motion of contempt against the Madras Government in the Lok Sabha. The Chief Minister in the course of his statement said that no fresh order was issued by the Government of Madras and that no such order was served by any Sub-Inspector of Police on Sri Umanath, a Member of Parliament, who was a detenue on parole. Subsequently, it was ascertained that the Sub-Inspector of Police, "Woraiyur had served an order on Sri Umanath, M.P., on 22nd March informing him ' that he should not go to Delhi under the present conditions of parole' on the basis of a wireless message from the Deputy Secretary, Public Department, Madras. The Chief Minister explained that the communication was not an order of the Government or by any competent authority, but only a clarification of the existing conditions of parole made with good intention. He also stated that at the time he replied to the notice of Sri Saw. Ganesan on the 9th March 1966, he was not aware of the clarification served by the Sub-Inspector or the message of the Deputy Secretary. He, therefore, maintained that there was no ground for a motion for breach of privilege.

On the 17th March 1966, the Hon. Speaker after careful consideration of the facts and circumstances of the case observed that there was no room to believe that the Chief Minister was in possession of the facts of the order or the clarification served on Sri Umanath on the 9th and that he had wilfully suppressed the same before the House.

He, therefore, ruled that there was no prima facie case of breach of privilege.

Alleged distorted reporting in 'The Hindu'

On the 18th March 1966, Sri M. Kalyanasundaram, raised a matter of privilege against the newspaper 'The Hindu' in regard to a distorted reporting of the proceedings of the House in its issue, dated 18th March 1966.

On the 21st March 1966, the Hon. Speaker on hearing the Hon. Leader of the House and other Members concerned, ruled that though there had been omission in the reporting, it was not a fit matter to be referred to the Committee of Privileges.

Dismissal of a temple servant of Meenakshi Sundareswarar Devasthanam

On the 24th March 1966, Sri M. Kalyanasundaram raised a matter of privilege in regard to the dismissal of a temple servant of Meenakshisundareswarar Devasthanam, Madurai.

The facts of the case are as follows:—

"One Sri Muthuswami a full-time employee of Sri Meenakshisundareswarar Devasthanam had presented a petition containing some allegations against the administration of the temple to Sri M. Kalyanasundaram, who in turn presented the petition to the Chief Minister and made his representation also. Subsequently a charge was framed against the said employee and one of the items of the charges was that he approached Sri Kalyanasundaram, who was a political leader, for getting redress of his grievances against the order of the superiors in the Department, Sri Kalyanasundaram had raised the point that the action of the Executive Officer amounted to an unwanted interference with the work and reflected on his action as a Member of the House. Therefore, he had stated that there was a breach of privilege which had to be referred to the Committee of Privileges."

The Chief Minister "contended that Government servants and also those on a par with them, should conform to rules and regulations in their conduct and service. They should not think of bringing political influence in the affairs of the administration. In the present case, the charge was only against the servant who violated the rules and there was no breach of privilege in the matter.

On consideration of a similar case raised by one Mr. Geoffrey Cooper in England in 1951 and another in this House in 1956 by the same member, the Hon. Speaker on 25th March 1966 ruled that there was no prima facie case to refer the matter to the Committee of Privileges.

Chief Minister's announcement of date of meeting of the Legislature before publication of Governor's Notification

On the 2nd August 1966, Sri T. P. Alagamuthu, raised a matter of privilege regarding the propriety of announcing the date of summoning of Legislature by the Chief Minister before the publication of notification by the Governor. The member contended that it was the privilege of the members of the House to be informed in the first instance, of the date of the meeting of the Legislature.

On the 3rd August 1966 the Hon. Speaker ruled that it was not a matter which was to be informed to the members or to the House in the first instance as in the case of important business which was brought before the House for transaction such as Budget, No-confidence motion or any policy of Government and as such no question of privilege arose. The Hon. Speaker further observed that it would be always, better to leave all conventions to be carried out through respective machineries according to normal procedure.

Delay in intimation of the arrest of a member

On the 2nd August, 1966, Sri M. Kalyanasundaram raised a matter of privilege regarding the alleged failure of the authorities to intimate the Hon. Speaker about his arrest on 3rd July 1966.

On the 3rd July 1966 the Hon. Member was secured under section 151 of the Criminal Procedure Code, as he had a design to commit cognizable offences. But this matter was reported to the speaker by a communication, dated 16th July 1966 by the Superintendent of Police. As there was a long delay in intimating the arrest, the Hon. Speaker on 3rd August 1966, administered a warning to the officers concerned and impressed on "the Government the need to give necessary instructions to their officers not to repeat such violations of rules. He then ruled that it was not necessary to refer the matter to the Committee of Privileges.
